

Zündel Appeal

AN APPEAL TO MY FRIENDS!

I have asked the American engineer Fred Leuchter to undertake an analysis and scientific refutation by the book by Pressac, which is supposedly the answer to the "Leuchter Report" and was widely reviewed by the New York Times and others. This analysis will be time-consuming and costly, and Fred is asking me for a fee of US \$13,000 for his portion of the work. Needless to say, I do not have this kind of money. I had thought the project could be done for \$5,000 - \$7,000.

I need to ask you, my friends, for help with this important project. For the \$13,000 are only his fees; then there are the typesetting, printing and binding fees in addition to that. The book he is reviewing costs libraries approximately \$150.00, and wealthy Jewish patrons of the Beate Klarsfeld Outfit are asked to donate these books to US college and public libraries.

This is an indication of how important our enemies consider this book to be. So we would do well to counter its content.

My gag order will not last forever! After I have served my prison time, I will be free to publish what I know is right and truthful. Nobody can prevent me from thinking and planning ahead! Thus I am asking you to make an extra effort, with an extra donation, by filling out the enclosed coupon and returning it to me as soon as possible, so that I can begin to pay this courageous man for his important analysis and study of the Pressac book.

I have asked other advisors to study the book, so that we will have the best possible answers to this effort at "Disinformation". Please fill in the coupon and return it today.

All human endeavour in civilized societies is the work of more than one man. Frequently, people congratulate me for my stand and courage. Many say they admire my perseverance and creative mind. I naturally am thankful for these kind words and for the financial help you have given to this cause so selflessly, and for so many years. I am glad to know that I have been useful as a tool or means to fight the good fight and am humbled by the knowledge that "God works through men and women" on this earth-plane of existence.

My thanks to you for your love, support and kindness. Ernst Zündel. *E. Zündel*

TO MY SUPPORTERS:  
BECAUSE OF THE RE-  
CESSION AND UNCER-  
TAINTY CAUSED BY THE  
GULF CRISIS, THE DO-  
NATIONS ARE COMING  
IN MUCH MORE SLOWLY!  
PLEASE SEND YOUR  
SUPPORT SO THAT WE  
CAN CONTINUE OUR  
WORK. MANY THANKS!

WITH YOUR  
HELP  
WE CAN WIN
