I can have pictures prepared. For such a lecture you could perhaps also get moving pictures if you speak to Mr. Vickery of the Near East Relief in New York. I suppose he would like them to be shown, and their excellent relief work to be mentioned.

L 9
I hope that my previous letters have reached you in due time and have given you at least most of the information~~s~~ you wanted.

The time is now approaching when I have to leave, I have not more than two weeks left, and I shall need them.

With hearty good wishes for the New Year I look much forward to meet you soon. Yours sincerely,

Fridtjof Nansen.
